INFORMATION

My name is John Rogerson and I have been a teacher for 14 years, 9 of those as Head of Physical Education in Rochdale and Bacup. I am passionate about providing girls with the same opportunities as boys, to be involved in football.

Through contacts in the female professional game, we have asked a number of players from Blackburn, Middlesbrough, Wolves and Rugby Borough to coach our sessions, so that girls get to meet their role models and can have pictures/signed merchandise following the events.

I myself am first aid and safeguarding trained and have DBS clearance. All of our coaches have the necessary DBS requirements too.

We hope to see you at our sessions this summer!
