

Spotland and Castleton High Streets

Work together to boost our high streets!

I am bringing together businesses in **Spotland and Castleton** to seek support from the Greater Manchester High Streets Taskforce.

Do you have ideas how we can boost our local high street?

Do you run a business on, (or could open on), the high street in Spotland or Castleton?

I want to talk to you!

Spotland and Castleton High Streets

Work together to boost our high streets!

Our high streets are the centre of our community.

I want to bring businesses together see how we can give a boost to our area.

Heywood and Middleton already have initiatives to invest in the town centre, and now **it is the turn of Spotland and Castleton.**

Mayor Bev Craig has launched the Greater Manchester High Streets Taskforce, which I think is an opportunity for us. By bringing businesses together, we can make plans for improvements, then seek the support we deserve.

I want to hear from you, gather your ideas and bring the business community together at a meeting on **Saturday 24th October at Rochdale AFC.**

Rochdale AFC Community Foundation support this initiative and will host participating local business owners, who are invited to bring their family and take part in match-day activities.

To register and take part, **Get in touch:**
